# C 企业简介 Company profile

台州市黄岩展豪塑料模具有限公司是集模具设计，制造和注塑加工为一体的企业，公司目前占地面积6000多平方米，固定资产500多万元，员工50多人。公司近年来依靠科技和严格的质量管理带动下，本着“品质，时间，成本”的服务宗旨，使企业得到稳步的发展。

公司拥有成套的CAD/CAM/MOLD FLOW等系统，专业技术能力强，设备先进，拥有大批经验丰富专业设计人员及模具加工技术骨干。生产，加工，检测等设备不断更新换代，逐渐自动化。我们专注于汽车内外饰件，塑料日用品，家用电器等模具。

公司以良好的信誉，拥有一大批国内外的客户。所制造的模具50%远销到欧美，中东，东南亚等国家。面向全球，加强合作！展豪欢迎广大新老客户莅临本公司参观，指导，愿我们携手共创辉煌的业绩。

Taizhou Huangyan Zhanhao Mould Plastic Co., Ltd. is a company that integrates mold design, manufacturing and injection molding processing. The company currently covers an area of over 6,000 square meters, more than 5 million yuan in fixed assets, and employs more than 50 people. In recent years, the company has been relying on science and technology and strict quality management, in the spirit of "quality, time, cost," the purpose of the service, so that enterprises have been developing steadily.

The company has a complete set of CAD/CAM/MOLD FLOW and other systems, strong professional and technical capabilities, advanced equipment, has a large number of experienced professional designers and die processing technology backbone. Production, processing, testing and other equipment are continuously updated and gradually automated. We focus on automotive interior and exterior trims, plastic daily necessities, household appliances and other molds.

The company has a good reputation and has a large number of customers at home and abroad. 50% of the molds manufactured are exported to Europe, the United States, the Middle East, Southeast Asia and other countries.

Globally, strengthen cooperation! Zhanhao welcomes the broad masses of old and new customers to visit our company for guidance and guidance. We would like to join hands in creating brilliant achievements.

## **C**企业文化 company culture

企业宗旨：客户至上 品质第一

发展目标：互利共赢 持续发展

企业精神：敬业 创新 务实 高效

经营理念：以服务求生存，以质量求发展

管理原则：科学管理 尊重人才 诚信待人

企业愿景：做精做细 做快做好 做强做大

Enterprise Mission: customers first quality first

Development Goals: a win-win sustainable development

The spirit of enterprise: dedicated efficient and pragmatic innovation

Business philosophy: to serve for survival, quality and development

Management principles: integrity of others scientific management talent

Corporate vision: to do meticulous precision fast do bigger and stronger

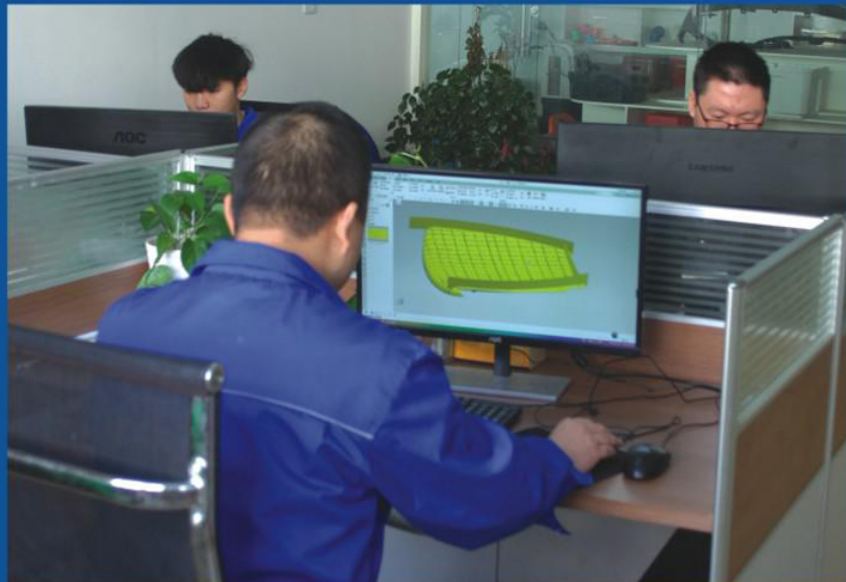

## D 设计研发 Design and development

1. 工艺分析：分析我们力求做到精益求精，工艺补充面做到更加完美，型面反弹量和边线数据精准到位，减少工序，提高材料利用率。
2. 结构设计：尽量做到结构合理，美观大方，互换性强，减少钳工装配工作量，装夹、取件、废料滑落安全方便，使用寿命长。
3. 加工工艺图档：加工图档做精作细，力争追求一切以加工为主，尽最大可能减少钳工装调时间，提高工作效率，缩短项目制作周期。

1. Process analysis: We strive to achieve excellence, addendum to be more perfect, profiles and edges data volume rebound precise place, reduce the process, improve material utilization.
2. Structural Design: try to make a rational structure, nice, interchangeable, reducing the workload fitter assembly, fixturing, pickup, convenient and safe waste falling, long service life.
3. Process Drawing: Drawing doing fine as fine processing, and strive to pursue all the main processing, the maximum extent possible to reduce the fitter-up times, improve work efficiency, shorten production cycle project.

# MASTER THE OVERALL SITUATION, PAY MORE ATTENTION TO DETAILS

Our company has boasted excellent production condition and perfect quality control system, also introduced international leading high-speed machining centers and other equipments.to ensure quality, advanced CAD/CAE/CAM system obtained,with which product exchange and sharing within a local area network achieved, modern ways of molding “traditional machining supports CNC machining” complimented,meanwhile, a set of complete work standards and internal management regulations formulated to make strict control on esign,production and test. we will persistently focus on service to ensure time delivery and after-sales service, to help each user gain the initiative in the fierce market competition.

## 我们把握全局，更注重细节

公司拥有优越的生产条件和完善的质量控制体系，引进国际顶尖的高速加工中心等设备，为了确保质量，公司有着一套先进的CAD/CAE/CAM系统，在局域网内实现产品信息互换，共享，以数控加工为主题，传统机械加工为辅的现代制模方式，并制定一套完整的操作规范和内部管理章程，在设计，生产，检测等环节严格控制，确保质量。公司坚持不懈地抓服务，确保按期交货和售后服务，为帮助每位用户在激烈的市场竞争中占得先机。

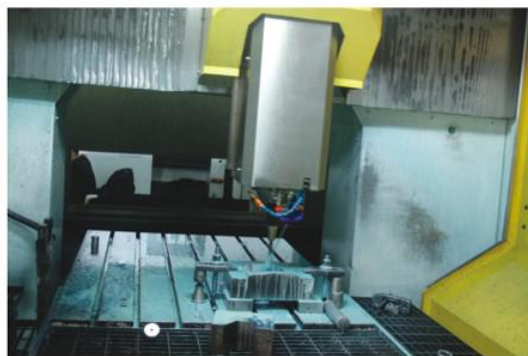

## P 生产设备 roduction equipment

“工欲善其事，必先利其器”，展豪公司拥有一套先进的模具加工系统及精良的设备。大型高速加工中心、慢走丝线切割。在具备如此坚厚的基石上，构成了我们强大的模具制造力量。

我们深知品质与速度是竞争的重要元素，这也是我们的发展方针，先进的数控铣床，不单能确保不断提高的品质要求，同时亦能保证模具在短时间内完成，增强产品的市场竞争力。

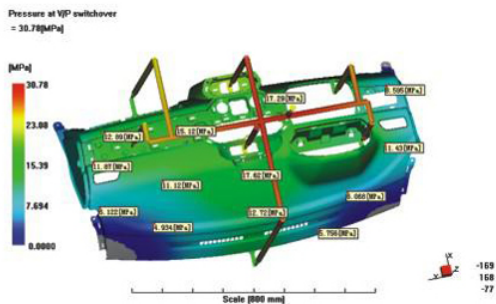

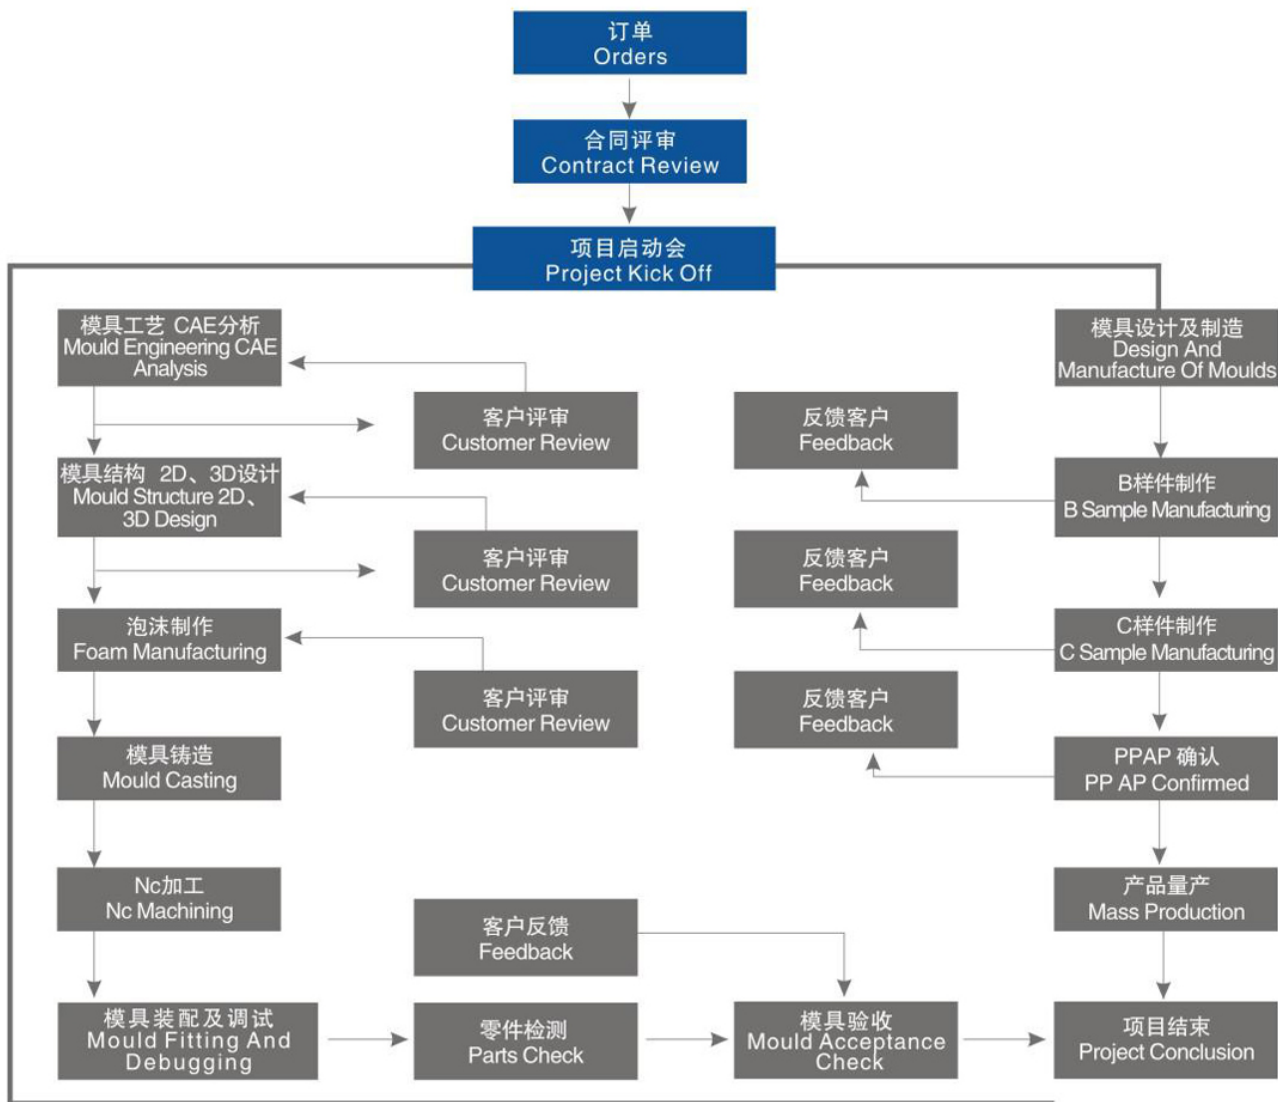

"We must first of its profits", Zhanhao Mould has an advanced tooling systems and sophisticated equipment. Large high-speed machining centers, walking thread cutting. On such a cornerstone, constitute our strong mold manufacturing strength.

We know that quality and speed is an important element of competition, this is our approach to development, advanced CNC milling machine, not only to ensure the continuous improvement of quality requirements, but also can ensure the mold is completed in a short time, enhance the market competitiveness of products.

## B 保险杠系列 umper

我们的客户遍及全球，生产过不同车型的汽车件模具，以精益求精的品质，深受国内外客户的喜爱。

Our customers all over the world, have produced different models of auto parts mold, to better the quality of domestic and foreign customers by the favorite.

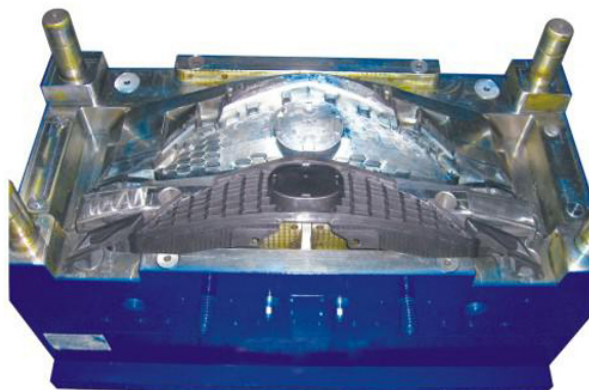

## 中网系列 GRILLE MOULD

我们的客户遍及全球，生产过不同车型的中网模具，以精益求精的品质，深受中东，东南亚等地区用户的喜爱。

Our customers spread all over the world, have produced different types of grille mould. The high quality products are deeply appreciated by customers from the Middle East, Southeast Asia, etc.

## A 内、外饰件系列 Auto Inner And Outer Decoration

我们的客户遍及全球，生产过不同车型的汽车件模具，以精益求精的品质，深受国内外客户的喜爱。
